## **Capacitive Proximity Sensors Mounting Accessories Tank Mounting Wells**

- **Delrin or Teflon Housing materials**
- For M18 or M30 capacitive proximity sensors
- Can be used with CA and EC series
- Ideal for food/pharmaceutical applications
- Band clamp secures sensor in well
- Extends life of sensors

## **Product Description**

Sensor wells are used to adapt tubular proximity sensors to a wide variety of vessels for level detection sensor is isolated from applications. These wells fluids and materials. keep systems sealed prior to sensor installation, as well

as during sensor removal. Reliability and performance is improved because the

## **Type Selection**

**Housing Material** For M18 Sensors For M30 Sensors

Delrin EC18-WELL **EC-WELL** Teflon ECT18-WELL **ECT-WELL** 

## **Dimensions**

Model	Α	В	С	D	E	F	NPT	G	Н	I
EC.18-WELL	59.7 (2.35)	48.1 (1.90)	38.9 (1.53)	16.5 (0.65)	1.27 (0.05)	22.6 (0.89)	3/4 x 14	31.5 (1.24)	37.3 (1.47)	18.1 (0. <i>7</i> 1)
ECWELL					1.91 (0.08)	36.6 (1.44)	1-1/4 x 11.5	44.5 (1.75)	50.0 (1.97)	30.1 (1.19)
